

Funder	Funder	Project Title	Funding	Institution
Australia	Cooperative Research Centre for Living with Autism	Enhancing social relationships of young adults	\$0	Curtin University
Australia	Australian Research Council	Assistive technologies for autism support	\$0	Deakin University
Australia	Australian Research Council	Language-specific and physiological motor-control influences on children's production of lexical stress	\$0	University of Sydney
Australia	Australian Research Council	The theory of mind delays: A possible explanation for children's social problems	\$0	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Developmental surveillance SACS-R	\$301,756	La Trobe University
Australia	Cooperative Research Centre for Living with Autism	Diagnostic practices and reliability in Australia	\$0	University of Western Australia
Australia	Cooperative Research Centre for Living with Autism	How was your day?	\$35,990	University of Melbourne
Australia	Cooperative Research Centre for Living with Autism	National Diagnostic Guideline	\$186,840	University of Western Australia
Australia	Cooperative Research Centre for Living with Autism	Literacy predictors	\$0	Griffith University
Australia	Cooperative Research Centre for Living with Autism	Trajectory study	\$0	Griffith University
Australia	Cooperative Research Centre for Living with Autism	Brain connectivity in ASD	\$0	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	ASD subtype project	\$0	University of New South Wales
Australia	Cooperative Research Centre for Living with Autism	Genetic screening of ASD	\$0	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	School connectedness	\$0	Queensland University of Technology
Australia	Cooperative Research Centre for Living with Autism	Shared book reading intervention	\$0	Griffith University
Australia	Cooperative Research Centre for Living with Autism	Improving classroom acoustics	\$0	Autism Queensland
Australia	Cooperative Research Centre for Living with Autism	Early years behaviour support	\$0	Queensland University of Technology
Australia	Cooperative Research Centre for Living with Autism	Helping students stay on task and move between tasks	\$0	Autism Queensland
Australia	Cooperative Research Centre for Living with Autism	Overcoming difficulties in written expression	\$0	Autism Queensland
Australia	Cooperative Research Centre for Living with Autism	Secret Agent Society classroom_positive partnerships	\$126,684	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Secret Agent Society classroom	\$0	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Infants at risk of ASD	\$90,000	La Trobe University

Funder	Funder	Project Title	Funding	Institution
Australia	Cooperative Research Centre for Living with Autism	Utilising Autism CRC Health Hub tools and resources	\$35,064	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Health pathways autism initiative	\$36,000	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Big data, important questions, health and wellbeing	\$36,000	University of New South Wales
Australia	Cooperative Research Centre for Living with Autism	Living Portal	\$43,200	Queensland University of Technology
Australia	Cooperative Research Centre for Living with Autism	Primary school transition model of practice	\$427,319	Autism Spectrum Australia (Aspect)
Australia	Cooperative Research Centre for Living with Autism	Graduate Certificate	\$0	University of Western Australia
Australia	Cooperative Research Centre for Living with Autism	Public transportation mobility	\$180,356	Curtin University
Australia	Cooperative Research Centre for Living with Autism	Driving project	\$409,604	Curtin University
Australia	Cooperative Research Centre for Living with Autism	Supporting staff and students with HFA in STEM programs	\$36,000	Queensland University of Technology
Australia	Australian Research Council	Social outcomes, behaviour and emotional well-being of adults with autism	\$0	Monash University
Australia	Cooperative Research Centre for Living with Autism	Unique ASD profile school leavers	\$0	La Trobe University
Australia	Cooperative Research Centre for Living with Autism	Health and wellbeing for adults	\$0	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	EVAP and IEST	\$0	Curtin University
Australia	Cooperative Research Centre for Living with Autism	Longitudinal study of adults with ASD	\$0	University of New South Wales
Australia	Cooperative Research Centre for Living with Autism	Program 3 base resources	\$0	Curtin / La Trobe / University of Queensland / University of New South Wales
Australia	Cooperative Research Centre for Living with Autism	Program 2 base resources	\$0	Queensland University of Technology
Australia	Cooperative Research Centre for Living with Autism	System genomics	\$1,228,452	University of Queensland
Australia	Cooperative Research Centre for Living with Autism	Creation of autism biobank	\$0	University of Western Australia
Australia	Cooperative Research Centre for Living with Autism	Program 1 base resources	\$0	University of Western Australia
Australia	National Health and Medical Research Council	How can trafficking of the tumour suppressor PTEN affect normal and abnormal brain development?	\$0	University of Melbourne

Funder	Funder	Project Title	Funding	Institution
Australia	National Health and Medical Research Council	Dissecting the role of neurologins in cognition	\$0	University of Melbourne
Australia	National Health and Medical Research Council	Exploring the neuropathophysiology of autism spectrum disorders	\$0	Deakin University
Australia	National Health and Medical Research Council	The role of the neuronal splicing factor A2BP1 in autism spectrum disorders	\$0	University of New South Wales
Australia	National Health and Medical Research Council	Identifying endophenotypes for schizophrenia and autism: A support vector machine learning approach	\$0	University of Western Australia
Australia	National Health and Medical Research Council	Neurobiological "risk" and "resilience" biomarkers of severe mental illness	\$682,980	University of Melbourne
Australia	National Health and Medical Research Council	Social functioning and autism spectrum disorder in children with neurofibromatosis type 1: A multimodal study	\$79,325	Murdoch Childrens Research Institute
Australia	National Health and Medical Research Council	Understanding autistic spectrum disorder traits in children with attention deficit hyperactivity disorder	\$231,772	Monash University
Australia	National Health and Medical Research Council	Understanding the neurobiology of autism spectrum disorder	\$1,204,060	University of Melbourne
Australia	National Health and Medical Research Council	An integrated "omic" approach to neurodevelopmental disorders using disease-discordant monozygotic twins	\$62,573	Murdoch Childrens Research Institute
Australia	National Health and Medical Research Council	Sex hormones, endocrine disruptors and social interaction deficit	\$0	University of Melbourne
Australia	National Health and Medical Research Council	Is developmental vitamin D deficiency associated with autism-related phenotypes: A birth cohort study	\$0	University of Queensland
Australia	National Health and Medical Research Council	A course of oxytocin to improve social communication in young children with autism	\$0	University of Sydney
Australia	National Health and Medical Research Council	Tailoring a brief sleep intervention for autism: A randomised controlled trial	\$296,306	Deakin University
Australia	National Health and Medical Research Council	Investigating autism spectrum disorder: Causes and efficacious interventions	\$0	University of Western Australia
Australia	National Health and Medical Research Council	Improving treatment outcomes for children with autism: Translating intensive 1:1 treatment into a group-based community model	\$0	Griffith University
Australia	Ian Potter Foundation	A school-based intervention for children with ASD and their classmates: A multi-site pairwise RCT	\$14,400	Australian Catholic University
Australia	Financial Markets Foundation for Children	Developing a diagnostic blood test for autism	\$109,860	Murdoch Childrens Research Institute
United States	Simons Foundation	Evaluation of a melanocortin agonist to improve social cognition in autism	\$139,606	University of Sydney

Funder	Funder	Project Title	Funding	Institution
United States	Simons Foundation	Functional and behavioral analysis of zebrafish ASD models	\$74,975	University of Queensland
United States	Simons Foundation	Speech Phenotype in 16p11.2	\$0	Murdoch Childrens Research Institute
United States	Brain & Behavior Research Foundation	Comparing the Effect of Non-invasive Brain Stimulation on Different Brain Regions for Reducing Social Symptoms in Autism Spectrum Disorder	\$24,995	Deakin University
